

THE COTTONWOOD

Perspectives & Floor Plan are artists impressions only

Home Features

Living Area	206.9m ²
Porch Area	4.8m ²
Total Floor Area	211.7m²

Designer Notes:

This design continues to be a 'best seller'. It is compact, but the layout allows for a wonderful sense of style and smart design – particularly in the Kitchen which is open plan.

The use of space in this large room is not only very attractive but with two Living areas it remains extremely functional for a family.
